Nellie is a five year old long-haired chihuahua. She has been a part of our family since she was old enough to see. Fancy is a one year old terrier mix that we adopted last year before the purchase of our new home. Charlie is a 9 month old Morkie that we added to the mix to be a playmate for Fancy. These pups are very much part of our family and should be treated as such. They have been the source of great joy and laughter in our lives. Our dogs will remain kenneled during daycare hours for much of the day. However, it is necessary to let them out from time to time to stretch and go potty. They will be introduced to the children on an as needed basis.

Each of our furry babies have received their rabies and other vaccines through a licensed veterinarian at **Barker Cypress Animal Clinic**. The latest vaccination report for each of them are kept on file by me and may be viewed upon request.
